Hello,

Please see the following and respond for consideration. I think the sample has already shipped and will arrive today. Here's the summary of the request:

R34313; West Virginia Chemical Leak; shipping 1/23/14; Unvalidated data = 14 days, Validated Data = 21 days

1 Waste Liquid for MCHM, PPH constituents by OASQA On-Demand

**The MSDS for both mixtures is attached.**

\*The QLs are not listed.

*I will accept this request and we can brainstorm on what analysis we will do on Monday.*
